

Metabomeetings

Metabomeetings are a UK-based forum for metabolomics discussion. They began with plans for a seminar to be given by Aberystwyth personnel at the [EBI](#). That meeting mushroomed and attracted other speakers and external delegates. It was styled "Metabomeeting 0" agreed that other meetings would be held. These grow each time, reflecting continuing success.

Meeting	Venue	Date	Website	Report
Metabomeeting 0	EBI	7th March, 2005		View
